2025 Police Officer Candidate Information

Thank you for your interest in the Village of Streamwood and our Police Department. The Village of Streamwood is a vibrant, growing community and an excellent place to work and live. The Streamwood Police Department enjoys a reputation as an active and progressive department. In order for you to get to know the Village and our Police Department better, we have assembled the following information.

Community Background

Streamwood has evolved from a rural farmland area to a high-growth residential suburban community of nearly 40,000 residents since its establishment in 1957. Its location and proximity to major roadway and commuter rail transportation facilities offers a suburban lifestyle for many residents who work at commercial and industrial sites within and nearby the community as well as for those who commute to Chicago, 24 miles southeast of Streamwood. The community possesses a cross-section of people from every walk of life, which spreads widely across the economic spectrum. White collar, blue collar, and professional families have all found a niche in Streamwood community life.

Streamwood has six elementary schools (kindergarten through 6th), one parochial school (kindergarten through 8th), two junior high schools (7th through 8th), and one high school (9th through 12th). Civic groups, clubs, and service organizations enhance the quality of life in Streamwood. Among the local clubs and organizations are the Kiwanis Club, Amvets, VFW Chapters, Boy Scout and Girl Scout organizations, and Woman's Club. Teen clubs, church groups, art and theater organizations, soccer, baseball, hockey, football, and diving clubs help fill out the roster of organizations. The Poplar Creek Library in Streamwood has an excellent facility with roughly 90,000 square feet. The library is also a part of the DuPage Library System, giving residents access to the libraries of surrounding communities, as well as their own. Primary and advanced medical treatment is provided at a number of modern facilities in or near the community, including Greater Family Health.

Streamwood's over eight square miles of community land offers a blend of those ingredients that make a vital and productive community: attractive homes, parks and recreation facilities, convenient shopping, and growing industry. Much of Streamwood's attraction stems from its homes and varied residential areas. Home lots range from 7,800 square feet in some areas to one acre lots in others. Though luxury homes and multiple family units give Streamwood home buyers a wide range of options from which to choose, the bulk of the Village's housing is made up of quality mid-priced residences.

A 4,500 acre forest preserve stands as a serene backdrop for Streamwood. The Streamwood Park District operates 48 neighborhood parks, a community center and separate recreation center that includes a full size swimming pool, a gymnasium and an active fitness program. The Streamwood Park District also operates an extensive youth sports program. A few remaining corn fields and horse ranches serve as reminders of the pastoral days that preceded Streamwood's continuing development;

today they are comfortably nestled among the industrial and residential developments in the community

Village Government

The Village of Streamwood was incorporated in 1957. The Village operates under the Council-Manager form of government, adopted by referendum. The legislative policy-making body of the Village is made up of the Village President and six Trustees, all of whom are elected at-large on a non-partisan basis for four-year overlapping terms of office.

The Departments of the Village, in addition to the Village Manager and Village Clerk, include the Community Development Department, Finance Department, IT Department, Fire Department, Police Department, Human Resources, and the Public Works Department. The Village owns a Golf Course and contracts out its management. The Village provides water distribution and wastewater collection utilities and is a member of a suburban Joint Action Water Agency which provides water from Lake Michigan. The Village employs 203 full-time employees.

Police Department

The Streamwood Police Department was formed in April, 1957 with part-time officers working out of a farmhouse. Today's Department has grown to 61 sworn officers and 12 civilian employees providing service to the community from a state-of-the-art Police facility. The Department's command structure includes the Police Chief, two Deputy Police Chiefs, four Commanders, six Sergeants and five Corporals.

Vision

Through the endless pursuit of excellence, the Streamwood Police Department has become one of the preminent law enforcement agencies in the Chicago metropolitan area.

Mission

The Streamwood Police Department will serve members of our community with integrity, respect and unity, always striving for excellence; improving the quality of life for our residents and business owners through community-oriented public service.

Value Statement

The Streamwood Police Department and its employees value Service, Professionalism and Dedication in serving our community. Each department member shall serve the citizens of Streamwood using the tenets of "SPD" as our guiding principles; allowing all of us to make a difference each and every day we serve.

Message From Chief Shawn Taylor

The Village Code identifies the responsibilities of the Streamwood Police Department as the following: “It shall be the duty of the members of the Police Department to see to the enforcement of all ordinances of the Village, of all statutes effective in the Village, and to preserve order and prevent infractions of the law and to arrest violators thereof. Every sworn member of the Police Department is hereby declared to be a conservator of the peace.” (4-1-1)

The protection of life and property, the protection of individual rights, the enforcement of ordinances and regulations, and the preservation of peace, order and safety shall serve as a mandate for all officers to follow. The Streamwood Police Department shall proactively and professionally deliver these law enforcement services to the people of Streamwood in order to enhance the quality of life through the preservation of peace and order.

This commits the Streamwood Police Department in general and each of its members individually to the fundamental tenet of “community orientated public service.” It requires an understanding of, and genuine belief in, the core values, goals and objectives collectively represented by our Vision, Mission and Value Statements. Furthermore, the use of these statements shall serve as the foundation upon which all actions, organizational directives and operational decisions shall be based while balancing the needs of our Community, Village and Police Department.

By acknowledging responsibility to the citizens of Streamwood as the Department’s true source of authority; by performing duties within both the spirit and the letter of the law; by treating each person with dignity and respect while remaining sensitive to their unique needs, the Streamwood Police Department can strive to approach, if not fulfill its Mission, Core Values and Vision. Accordingly, progress made toward achievement of these statements will be measured in terms of the Department’s day-to-day ability to:

- Prevent and repress crime;
- Detect criminal activity and apprehend offenders;
- Protect life and property;
- Facilitate the safe movement of people and vehicles;
- Assist those in danger, those in need of assistance, and those who cannot care for themselves;
- Protect individual constitutional rights;
- Resolve conflict threatening to life and property; and to
- Promote and preserve a feeling of safety and security in the community.

Shawn Taylor, Chief of Police

Police Department Divisions

The Police Department is divided into two separate working divisions, Field Services and Support Services. Field Services has the responsibility for patrol units and directed patrol units. Support Services has the responsibility for the investigation department, tactical unit, K-9, community relations department, training unit and records department.

The Police Department uses a centralized dispatch service, the Northwest Central Dispatch Service, an efficient and professional dispatch organization, to serve the community.

Police Officer Job Responsibilities

Streamwood police officers are responsible for the protection of life and property, prevention of crime, apprehension of criminals, and the enforcement of laws and ordinances. A police officer may be assigned to uniformed patrol, traffic control, crime prevention, investigative work, juvenile work, or other specialized departmental activity. Work involves an element of personal danger in the pursuit of duties. Officers must exercise independent judgment in meeting both routine and complex emergency situations and act without direct supervision. A significant portion of time involves public contact where discretion and tact is to be conscientiously exercised.

Specialty Assignments

The Department has a number of specialty assignments that an officer can assume during his/her police career.

Patrol Officer: The Patrol Officer is the mainstay of the Police Department. He/she is generally out on the street, with responsibilities that range from routine patrol to follow-up investigation. The Patrol Officer faces new and changing professional challenges each day.

Evidence Technician: As an Evidence Technician, the officer plays a crucial role in the identification and conviction of offenders. Evidence Technicians are given advanced training in such fields as photography, evidence identification and evidence preservation. An Evidence Technician may be called to any type of incident. The Evidence Technician may be requested to check for fingerprints at the scene of a burglary, or be required to take pictures at the scene of a homicide. Once possible evidence is located, the Evidence Technician is responsible for its recovery and preservation.

Breathalyzer Operator: The Streamwood Police Department has undertaken the job of removing drunk drivers from the highway as a department priority. Part of this success is due to the ability of the Breathalyzer machine operator. The Breathalyzer operator is responsible for the actual administration of the breath test. All Breathalyzer machine operators receive 40 hours of training and are certified through the Illinois Department of Public Health.

D.A.R.E. Officer: The Streamwood Police Department D.A.R.E. program (Drug Abuse Resistance Education) was founded in 1990. The program currently has two officers working in local elementary schools, primarily with 5th grade students. The curriculum includes teaching students the eight ways to say NO to drugs, and techniques for enhancing their self-esteem.

Crime Prevention/Community Relation Officer: One of the most important aspects of police work is crime prevention. Our department has one full time Crime Prevention/Community Relation Officer. This specially trained officer performs liaison

functions between the Police Department and the community. The officer's responsibilities include coordinating the neighborhood watch groups, organizing the Citizen Police Academy, conducting security surveys as well as performing in-service training. Our goal is to develop programs that encourage police-citizen partnerships in the cause of crime prevention.

Tactical Unit: The Tactical Unit is comprised of one Sergeant and two plain clothes detectives. The Unit was formed to provide flexibility in dealing with specific community problems. This includes gangs and drug suppression, surveillance, and assisting patrol officers and investigators. Tactical Officers serve as a pro-active enforcement unit.

Investigations: Police Officers assigned to the Investigations Division are responsible for follow-up work on all major cases. The Investigator locates and interviews witnesses, complainants and suspects. Other responsibilities include follow up investigations of reported criminal activity, intelligence gathering, juvenile-related criminal and non-criminal matters. The investigative unit also participates as a member of the suburban Major Case Assistance Team (MCAT).

Field Training Officer: The Field Training Officer is an important factor in recruit training. He/she shows the new recruit how to apply the knowledge learned at the Academy. The Field Training Officer guides the recruit through all aspects of training from report writing to traffic direction. The Training Officer evaluates the recruit's performance and looks for areas of strength and weakness. The Field Training Officer submits reports that are used to help determine whether a recruit attains full commissioned police officer status.

Juvenile Officer: The Streamwood Police Department realizes that incidents involving juvenile offenders require special handling. As such, the Department has full-time juvenile officers specially trained to deal with these offenders.

Drone Pilot: Authorized operators are trained and receive certification from the Federal Aviation Administration (FAA). Unmanned Aerial Systems (drones) are utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Pilots may use the drone to counter a high risk of a terrorist attack by a specific individual or organization, to prevent imminent harm to life, forestall the imminent escape of a suspect, prevent the destruction of evidence, locate a missing person, or to obtain crime scene and traffic crash scene photography.

School Resource Officer: The Streamwood Police Department has a well-established School Liaison program. The Department has three officers assigned full-time as School Liaisons. Officers are assigned to Tefft Middle School, Canton Middle School and Streamwood High School. The officers spend a great deal of time in the classroom talking to students on a wide range of topics.

Directed Patrol Unit: The mission of the Directed Patrol Unit will be to assist the Patrol Division with an enhanced focus on traffic safety. Roles will include community education and proactive enforcement of traffic laws, quality of life complaints, criminal incidents and issues related to traffic and noise problems.

Canine Unit: The Streamwood Police Department has a canine program that consists of one officer with one K-9 and one officer with one Community Service Dog. The K-9 is specially

trained in several areas including tracking, building searches, and drug detection. The K-9 handler is assigned to the Special Operations Unit and is primarily scheduled for operation during peak evening hours. The Community Service Dog is trained to provide comfort to people who are in need of emotional support and, when utilized for community events or meetings, contributes to the building of trust and positive relationships between the police and public.

N.I.P.A.S.: N.I.P.A.S. (Northern Illinois Police Alarm System) is a police mutual aid system operating in Northeastern Illinois. N.I.P.A.S. was created:

- To provide immediate extra police manpower and equipment at the scene of police emergencies.
- To provide for an automatic and systematic response of police manpower teams.
- To provide broad area coverage.
- To foster a cooperative spirit for police emergency planning.
- To provide access to specialized manpower and equipment, which no one department could afford to maintain.

N.I.P.A.S. has two separate responding teams that are made up with officers from the departments enrolled in the program. The Emergency Service Team is a full service tactical team able to handle high-risk incidents. The Mobile Field Force was created to maximize the effectiveness of initial response efforts by police when a major civil disturbance occurs. At this time the Streamwood Police Department has two officers assigned to the Emergency Service Team and three officers assigned to the Mobile Field Force.

Residence Area

Officers are required to reside within the area bounded by Lake Michigan on the east, Interstate 39/51 on the west, the Wisconsin border on the north, and Interstate 80 on the south, within twelve months of hire.

Pay and Benefits

The current starting salary for a Streamwood police officer is \$77,212. The current top pay (after six years on the job) is \$115,696 (2024 rates: contract under negotiation). New officers earn ninety-six hours of vacation, ten holidays, two working shifts of personal time and ninety-six hours of sick time per year. An innovative Physical Fitness Incentive Program provides all Streamwood police officers the opportunity to earn an additional eight hours of “Fitness Time Off” every year. There is also a Merit/Longevity Pay Program in place for officers that have reached top pay.

Other benefits include court appearance pay, health insurance, dental insurance, life insurance, credit union membership, two deferred compensation plans, post-employment health insurance savings program, tuition refund program, the Bright Start college savings plan (a qualified 529 program offered by the State of Illinois), flexible benefits program which allows for pre-tax payments for child care or non-reimbursable medical expenses and participation in the Streamwood Police Officer’s Pension Fund. Uniforms are provided through the quartermaster method.

Police Officer Work Schedule

The Patrol Division is operated on a 12 hour, permanent assignment schedule. This schedule was implemented by the Chief at the request of the patrol officers. 32 officers are deployed into four

separate teams, two of which are assigned to the a.m. watch and the remaining two to the p.m. watch. The current duty schedule for both the a.m. and p.m. watches consists of 2 days on-duty, 2 days off-duty, 3 days on-duty, 2 days off-duty, 2 days on-duty and then 3 days off-duty. This format permits all officers assigned to the Patrol Division to have Friday, Saturday and Sunday off every other week.

Regardless of shift assignment, all officers assigned to the Patrol Division work an average of 40 hours per week. However, patrol officers are only required to work 173 days in a calendar year (as opposed to the standard 260 days in a normal five day a week position), leaving ample time for personal pursuits while providing the community with maximum manpower around the clock.

Shift assignments are determined by a combination of factors to include seniority, continuing education commitments and personal obligations, and are intended to be reviewed annually by the Department's administration.

Test Results Notification and Interview Process

All police officer candidates will be notified of their exam status by mail. Candidates selected for interview will be notified of the Board of Fire and Police Commissioners interview schedule. Candidates that successfully complete the interview process will be placed on the Police Officer Conditional Eligibility List based on their combined written exam and interview scores.

Two Year Eligibility List and Hiring Process: The Streamwood Board of Fire and Police Commissioners will be preparing a two year eligibility list for the position of Police Officer. Police officer candidates are offered employment based on their position on the Conditional Eligibility List established by the Streamwood Board of Fire and Police Commissioners.

POLICE OFFICER CANDIDATES MUST SUCCESSFULLY COMPLETE AN EXTENSIVE POLICE BACKGROUND CHECK, A REFERENCE CHECK, A POLYGRAPH EXAMINATION (WHICH INCLUDES QUESTIONS CONCERNING ILLEGAL OR CRIMINAL ACTIVITIES), A PSYCHOLOGICAL EXAMINATION, A PHYSICAL EXAMINATION WHICH INCLUDES A DRUG SCREEN, AND THE ILLINOIS LAW ENFORCEMENT TRAINING AND STANDARDS BOARD'S POLICE OFFICER WELLNESS EVALUATION REPORT (POWER) TEST FOR ENTERING ANY OF THE ILLINOIS CERTIFIED POLICE ACADEMIES BEFORE A FINAL OFFER OF EMPLOYMENT IS EXTENDED
